» I am a cognitive neuroscientist at the MPI for Human Cognitive and Brain Sciences in Leipzig, Germany. I combine neuroimaging and neuromodulation methods with graph theory, large language models, and behavioral modeling to explore cognitive changes across the adult lifespan.

I am particularly interested in the age-related changes in the trajectories of memory processes and their interaction with executive functions. I am also a strong supporter of open and reproducible research practices and strive to implement them in my own work.

ACADEMIC APPOINTMENTS

Postdoctoral Researcher   since 09/2023
MPI for Human Cognitive and Brain Sciences,
Research Group Cognition and Plasticity
Project: Contribution of cognitive control resources to the processing of language surprisal across the adult life span (DFG-funded project in collaboration with University of Lübeck)
Advisers: Prof. Dr. Gesa Hartwigsen (MPI CBS), Prof. Dr. Jonas Obleser (University of Lübeck)

EDUCATION

Dr. rer. med. in Cognition and Neuroscience (PhD)   2018−2023
MPI for Human Cognitive and Brain Sciences Leipzig, Germany
Lise Meitner Research Group Cognition and Plasticity &
University Hospital Leipzig, Language and Aphasia Lab

Supervisors: Prof. Dr. Gesa Hartwigsen, Prof. Dr. Dorothee Saur
Thesis title: The aging brain in semantic cognition—Insights from fMRI and TMS

M.Sc. in Clinical Linguistics   2012−2014
University of Potsdam, Germany
University of Groningen, The Netherlands

Supervisors: PD Dr. Frank Burchert, Prof. Dr. Agnes Flöel
Thesis: Improving communication in aphasia: A comparison of naming- and discourse-based treatment, both facilitated by transcranial direct current stimulation

B.A. in Linguistics and Roman Philology   2007−2012
Humboldt-Universität zu Berlin, Germany

2009 − 2010 Erasmus exchange student at Université Aix-Marseille, France

OTHER RESEARCH AND PROFESSIONAL EXPERIENCE

Spokesperson of the network for doctoral candidates   2020−2022
German Association of Speech-Language Therapy (dbs e.V.)

Speech-Language Pathologist   2015−2017
Median Klinik Berlin Kladow, Clinic for neurological rehabilitation

Research Internship   2014–2015
NeuroCure Clinical Research Center, Charité Berlin
Advisors: Prof. Dr. Agnes Flöel, Prof. Dr. Marcus Meinzer

Student Assistantship   2012–2013
Center for Language and Cognition, University of Groningen, The Netherlands
Advisor: Prof. Dr. Roelien Bastiaanse

TALKS

About my research

German Society for Aphasia Rehabilitation (GAB)   10/2024
The neural basis of semantic control: A voxel-based study in chronic aphasia

Psychologie und Gehirn (PuG)   05/2024
Beyond motor effects: Repetitive TMS in cognitive control and the impact of protocol selection
Symposium on individualized TMS in cognition (chair)

German Society for Neurorehabilitation (DGNR)   12/2023
Functional interactions and plasticity in the language network—Insights from young and aging brains
Symposium on neurorehabilitation, plasticity, and learning

Korea Institute for Advanced Study (KIAS)   11/2022
Center for Artificial Intelligence and Natural Sciences
The aging brain in semantic cognition—Insights from fMRI and TMS

Würzburger Aphasietage   03/2022
Aphasia as neural network disorder

German Association of Speech-Language Therapy (dbs e.V.)   11/2021
Non-invasive brain stimulation techniques in language rehabilitation

Psychologie und Gehirn (PuG)   06/2021
The role of domain-general networks in semantic processing in the young and the aging brain
Symposium "Cognition and plasticity in the aging brain" (chair)

German Academic Scholarship Foundation   03/2021
Domain-general networks in semantic processing in the aging brain
Annual meeting for doctoral students of the German Academic Scholarship Foundation (Studienstiftung des deutschen Volkes).

Clinic Christophsbad, Göppingen, Germany   04/2019
The application of non-invasive brain stimulation techniques in neurorehabilitation

German Society for Aphasia Rehabilitation (GAB)   11/2014
Expressing your own intentions with aphasia: A comparison of a naming and a discourse treatment, both enhanced by transcranial direct current stimulation

About Open Science

Colloquium at MPI for Human Cognitive and Brain Sciences   01/2022
Advancing the responsible conduct of research at the MPI CBS
Invited talk to present a recommendations paper I wrote together with other researchers from MPI CBS (available here: osf.io/9n2at/)

Research Interactions Symposium by Wiley   06/2021
Trust in science: How early career researchers benefit from open and transparent research practices
Invited talk at symposium organized by Wiley.

Slides for selected talks are avilable on my OSF site: ✿ osf.io/hvzu2/

CONFERENCE PROCEEDINGS & POSTERS (SELECTED)

Martin, S., Kuhnke, P., Chapman, C., & Hartwigsen, G.   06/2024
Aging effects on task-based activity and functional networks during semantic processing and rest, OHBM, Seoul, South Korea

Numssen, O., **Martin, S.**, Williams, K., Knösche, T., & Hartwigsen, G.   06/2024
A quality metric to assess pulsewise coil displacements during TMS, OHBM, Seoul, South Korea

Schuckart, M., **Martin, S.**, Tune, S., Schmitt, L.-M., Hartwigsen, G., & Obleser, J.   06/2024
No free lunch in language prediction – Limitation of cognitive resources reduces the impact of surprisal at multiple time scales, HörHanse, Lübeck, Germany

Ferrante, M., **Martin, S.**, & Hartwigsen, G.   10/2023
Probing the functional relevance of pre-SMA and aIFG for controlled semantic processing with transcranial magnetic stimulation, Society for the Neurobiology of Language (SNL), Marseille, France

Martin, S., Schuckart, M., Obleser, J., & Hartwigsen, G.   10/2023
The impact of domain-general cognitive load on language processing in the aging brain, Society for the Neurobiology of Language (SNL), Marseille, France

Schuckart, M., Tune, S., Schmitt, L.-M., Hartwigsen, G., **Martin, S.**, & Obleser, J.   07/2023
No free lunch in language prediction – Limitation of cognitive resources reduces the impact of surprisal at multiple time scales, Salzburg Mind and Brain Annual Meeting, Salzburg, Austria

Martin, S., Frieling, R., Saur, D., & Hartwigsen, G.   06/2023
Facilitatory stimulation of the pre-SMA enhances semantic cognition via remote network effects in task-based activity and connectivity, selected for poster flash session with additional talk. Psychologie und Gehirn (PuG), Tübingen, Germany

Martin, S., Frieling, R., Saur, D., & Hartwigsen, G.   03/2023
Facilitatory stimulation of the pre-SMA has distinct effects on task-based activity and connectivity networks in healthy aging, selected as "hot abstract" with talk.Congress for Clinical Neuroscience (DGKN), Hamburg, Germany, Clinical Neurophysiology 148:e5-e6

Martin, S., Frieling, R., Saur, D., & Hartwigsen, G.   02/2023
Facilitatory stimulation of the pre-SMA has distinct effects on task-based activity and connectivity, Brain Stimulation, Lisbon, Portugal

Martin, S., Saur, D., & Hartwigsen, G.   06/2021
Age-dependent contribution of domain-general networks to semantic cognition, OHBM, virtual edition

Martin, S., Saur, D., & Hartwigsen, G.   11/2020
The multiple-demand network in language processing of the young and the aging brain, Congress for Clinical Neuroscience (DGKN), virtual edition, Clinical Neurophysiology 131:e201-e202

van Scherpenberg, C., **Martin, S.**, Hartwigsen, G., Obrig, H., & Beese, C.   09/2019
Age-related decline of semantic inhibition despite the preservation of semantic memory, PaePsy, Leipzig, Germany

Martin, S., Saur, D., & Hartwigsen, G.   08/2019
The multiple-demand network in language processing: Its role in the aging brain, Society for the Neurobiology of Language (SNL), Helsinki, Finland

Martin, S., Darkow, R., Burcher, F, Meinzer, M., & Flöel, A.   09/2014
Improving communication in aphasia: A comparison of naming- and discourse based treatment, both facilitated by transcranial direct current stimulation (tDCS), Science of Aphasia, Venice, Italy

Darkow, R., Meinzer, M., **Martin, S.**, Würtz, A. & Flöel, A.   12/2013
Transcranial direct current stimulation and aphasia, German Society for Neurorehabilitation, Berlin, Germany

HONORS & AWARDS

Poster prize   06/2023
Psychologie und Gehirn (PuG)

PhD fellowship (80,000 €)   2018–2022
German Academic Scholarship Foundation (Studienstiftung des deutschen Volkes)
Full stipend for graduate program

Poster prize   11/2020
64th Annual Meeting of the German Society for Clinical Neurophysiology and Functional Imaging
(DGKN)

First prize at Science Slam   02/2019
20th Annual Meeting of the German Association of Speech-Language Therapy

Travel grant (1,500 €)   2014
Erasmus Mundus program

Erasmus Mundus stipend (24,000 €)   2012–2014
Erasmus Mundus Program European Union
Full stipend for Master's studies

DAAD PROMOS stipend (2,000 €)   2011
German Academic Exchange Service

TEACHING

Introduction to Mixed Models   04/2024, 04/2023
MA course, Department of Psychology, University of Gent, Belgium

Seminar Perception and Action   Winter 24/25, Winter 23/24, Summer 24
MA program Brain & Behavior, Wilhelm Wundt Institute of Psychology, Leipzig University

Language and Aging   05/2023
Guest lecture IMPRS graduate school NeuroCom, MPI CBS, Leipzig, Germany

Introduction to Data Analysis in Cognitive Neuroscience   10/2022
Master's program Cognitive Neuroscience, University of Amsterdam at MPI CBS, Leipzig, Germany

Data analysis with R   06/2021
Summer School, German Association of Speech-Language Therapy. I built an R package for the
workshop: gitlab.gwdg.de/sandra.martin/r-workshop-summer-school-2021

Introduction to fMRIPrep   05/2020

Workshop at annual meeting of German Society for Aphasia Research   10/2019
Aphasia as a network disorder: Implications for speech-language therapy and the application of non-
invasive brain stimulation methods for recovery from aphasia. Leipzig University, Germany

Slides for selected lectures and workshops are avilable on my OSF site: ✿ osf.io/hvzu2/

MENTORING & SUPERVISION

Co-Supervision of doctoral researchers
Laura Nieberlein (PhD Psychology, ongoing)
Matteo Ferrante (PhD Psychology, ongoing)

Master thesis
Yulia Guseva (M.Sc., 2024-2025, Mind & Brain, Humboldt University Berlin)

Flavia Ercoli (M.Sc., 2024-2025, University of Amsterdam)
Pia Siegel (M. Sc., 2023-2024, Leipzig University)
Katharina Polsterer (M. A., 2022, University of Groningen)
Regine Frieling (M. A., 2021, University of Cologne)

Interns / Student assistants
Lena Radach (M.Sc., 2024, University of Göttingen)
Hanna Weigand (B.Sc., 2024, University of Würzburg)
Christian Koblitz (M. Sc., 2023, Leipzig University)
Marcel Blumenthal (M. Sc., 2023, Leipzig University)
Madeleine Mesgarian (B. Sc., 2023, Freie Universität Berlin)
Caroline Duchow (M. A., 2019, University of Erfurt)
Annika Dunau (M. A., 2018, Leipzig University)

OPEN SCIENCE

fMRI Preregistration template	2021

Co-author of current Template. doi:10.23668/psycharchives.5121

Panelist at discussion on Research Data Management, MPDL	05/2021

Open Access Ambassador of the Max Planck Society	2019-2020

Doing Good – Scientific Practice under Review	11/2019

Organizer of a 2-day symposium on Open Science and Good Scientific Practice at MPI CBS, Leipzig.
Info: cbs.mpg.de/doing-good

Open Science Initiative MPI CBS	since 2018

Co-founder of the initiative. We organize workshops on Open Science-related topics, invite speakers for talks, and foster the implementation of good scientific practices at MPI CBS.
Info: cbs.mpg.de/de/cbs-open-science

SKILLS

Coding	R, Python, Matlab, Bash
Development	Git (Github, Gitlab)
Data analysis	fMRIPrep, SPM12, Brain Imaging Data Structure (BIDS), Nilearn, mixed-effects models, generalized additive models, multivariate analysis, graph theory, cognitive modeling (Summer School Model-based Neuroscience Amsterdam, 08/2022)
Experimental programming	Psychopy, Presentation
Methods	Functional and structural magnetic resonance imaging, transcranial magnetic stimulation, transcranial direct current stimulation
Writing	LaTeX, Markdown
Design	Inkscape
Languages	German (native), English (fluent), French (fluent), Hebrew (basic)

OUTREACH

- Workshop "Introduction to Programming in Neuroscience" at Girls' and Boys' Day 2022
- Article about my research at MDR Wissen (in German), 09/2021: Link to article
- Co-author on the Blog Thinky & Brain by MPI CBS, 08/2020: Link to article
- Guest at the Orion Open Science Podcast, 11/2019: Link to episode

JOURNAL REVIEWING

Ad-hoc-reviewing   Brain, Brain Communications, Brain & Language, Cerebral Cortex, Frontiers in Psychology, Imaging Neuroscience, Journal of Cognitive Neuroscience, Nature Human Behaviour, NeuroImage, NeuroImage Clinical

PROFESSIONAL MEMBERSHIPS

- Organization for Human Brain Mapping (OHBM)
- Society for the Neurobiology of Language (SNL)
- Cognitive Neuroscience Society (CNS)
